

PEP Network
The First Decentralized & Personalized Content Ecosystem for Next Billion Users

Token Sale Detail

Whitelist Presale- 2nd April to 4th April 2018
Public Sale- 10th April to 15th May 2018

What is PEP Network ?

PEP offers visually rich,engaging and personalizable content which pushes the industry forward to a new form of expressive content.PEP will bring the Creators,Consumers,Developers & Renderers together to revolutionize the Personalized Content Economy.

Partners

20MN Users

The #1 Snapchat GeoFilter Maker

700MN Users

World's 1st AR Contact App

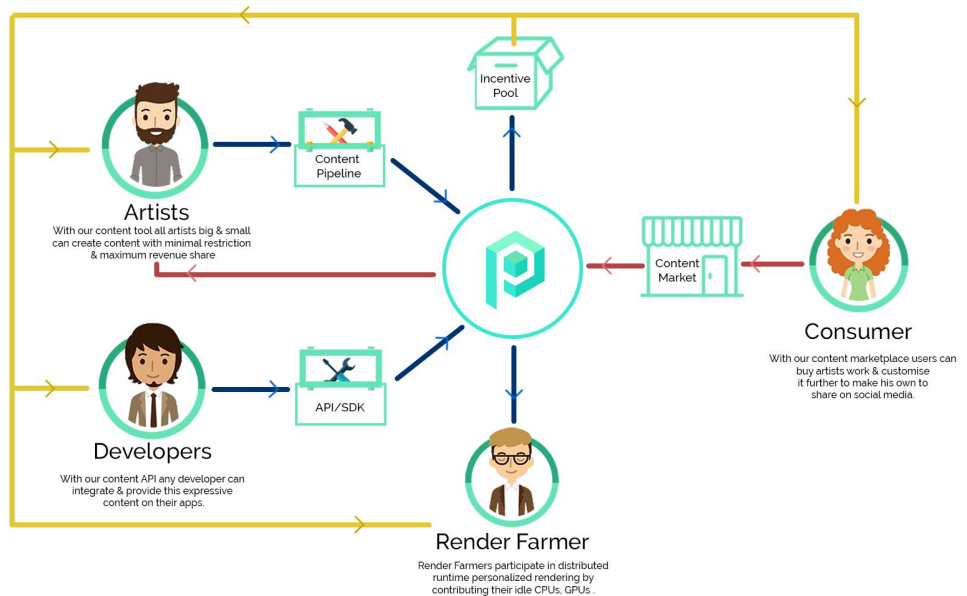

Ad Partner

What problem it solves ?

Avatars, Live Stickers, Camera AR Lens etc are happening but heavily lack in personalization & engagement. The business models for existing content marketplaces are outdated and involve unfair economics for its Creators, Consumers & Developers

How does it work ?

PEP Network combines its innovation with the power of Blockchain, AI and Distributed Rendering.Demand for PEP Network will grow with engagement and subsequent monetization of that engagement via content selling/buying,API subscription,In-App purchases, Ads, Premium services,Render Farming etc
